

Personnel Reliability Program Clinic

(402) 232-2273, opt. 3334 or 402-294-9314

Our hours of operation are Monday-Friday 7:30 a.m. – 4:30 p.m. We are closed the third Thursday of the month until 1 p.m. for training.

We are located on the first floor of Ehrling Bergquist Clinic, across from Radiology.

Anytime you are in the clinic for ANY reason you must have a badge. This includes all ancillary services i.e. radiology, laboratory, immunizations etc.

All PRP members require a printout of their medications stamped and signed by a PRP Clinic member before their prescriptions will be filled by the pharmacy (NO EXCEPTIONS). No badge required for pharmacy, the print out is all you need.

For members who require after hours or emergency care, please contact your PRP monitor prior to going to an Urgent care or Emergency room. You are required to follow up with us as soon as possible whenever one of those two situations occurs. All appointments can be booked by calling 402-232-2273.
